Children Receive KA Gifts

About 15 members of Kappa Alpha Order at West Texas State University were hosts for a Christmas party Tuesday night for children at High Plains Children's Home in Amarillo and donated a ping-pong table and several games to the home.

The fraternity members donated the table for a recreational addition to the home which is now being built.

Three of the games donated were given by Canyon merchants.

The fraternity spent the day Saturday painting and cleaning the new recreation addition.

Gilvin Resigns 'TEXAS' Post

L. P. "Pete" Gilvin, who was recently named chairman of the Texas Parks and Wildlife Commission, resigned Tuesday as president of the Texas Panhandle Heritage Foundation, Inc.

Announcement of his resignation was made by Gilvin at a meeting of the executive board. Wales Madden Jr., of Amarillo, first vice president of the foundation, will assume duties as president until the annual meeting in February.

Gilvin had served as president two years.

He will, however, remain an ex-officio member of the foundation and the State of Texas calls for the chairman of the commission to become a member of the board.

JLA Seeking Members

A membership drive for the Randall County Junior Livestock Association is underway with about 25 adult association members making the memberships available to both businesses and individuals.

Cost of the 1969 membership is \$5 and all paying members are entitled to rights and privileges of the association. Funds collected from memberships are used to furnish prize money for the annual junior livestock show, to buy ribbons, (See JLA, Page 5)

Report On CJHS Plans

School Supt. Jerry Jacobs reported briefly on plans for the new Canyon Junior High School Building Tuesday night at a regular meeting of Canyon school board.

He indicated that there still may be some minor changes but that plans are nearing completion.

In other business the board heard a report from Bill Davis on a school board committee studying consolidation of the school and Canyon city tax offices.

Dr. W. J. Wooten, Dr. Manly Bryan and Jim Fletcher are on the committee headed by Davis. Members of the board and school administrators were guests at a Christmas dinner prepared by the high school Future Homemakers.

Loop 335 Pact Set

Randall County commissioners Monday agreed to a cost sharing contract with the State Highway Department for purchase of right of way for another segment of Loop 335 in North Randall County.

Judge Carroll Brown was named purchasing agent for right of way.

Also approved was payment of an additional \$17,000 to the contractor on the new court house annex building nearing completion here.

The court decided to cash a \$5,000 U.S. Treasury Bond purchased in 1956 and to purchase a certificate of deposit for the county sinking fund.

Commissioners authorized advertising for bids for a new truck for Precinct 2.

Santa Claus Visits Here

Santa Claus will visit Canyon youngsters Saturday afternoon at 4:00 o'clock to make up his final list before deliveries are made on Christmas Eve.

The jolly red-suited gentleman will distribute sweets from his bag of goodies and visit with youngsters at his special house on the west side of the courthouse.

Santa's visit is being sponsored by the Downtown Shopping Center merchants.

WTSU Out For Flu

BY CARROLL WILSON

A few of the hundreds of flu cases which caused the closing of West Texas State University Monday have been diagnosed as Hong Kong Flu, a malady which has swept the nation and caused widespread epidemics in several areas.

Dr. Charles Nester, physician at the health center of WTSU, said several of the cases were Hong Kong Flu, several were just sore throat and some were tonsillitis.

WTSU was closed following evening classes Monday, four days before the Christmas holidays were scheduled to begin.

Dr. James P. Cornette, university president, made the

SDS Charter Try Said In Offing At WT

Application for a charter as an on-campus organization by the Students for a Democratic Society at West Texas State University will be made, but not until the local group is more formally organized.

This statement was made by Robert McMenamin, a member of the SDS, who said the local group is not well enough organized yet to pursue the charter application.

Last week, Dr. Richard Jones, an officer in the Amarillo American Civil Liberties Union, told The Canyon News that the ACLU would become active in the charter application matter if it was apparent that SDS rights had been violated.

The SDS tried to form an on-campus chapter last spring, but the charter was never submitted.

Dr. T. Paige Carruth, dean of student life, said any charter must be filed with the student senate.

"If the Senate grants the charter, then the administration must discern whether the organization's objectives are compatible with the objectives of the institution," he said.

Light Snow In Canyon

Light snow fell in Canyon throughout the morning Wednesday and more is expected over the weekend, according to the Amarillo Weather Bureau.

Two minor accidents occurred on the Canyon expressway near McCormick Road Wednesday morning. The accidents were apparently caused by the slick road conditions due to the snow, according to the Sheriff's Office.

The forecast calls for temperatures 10 to 15 degrees below normal. The highs will range from 45 in the northeast to 57 in the southwest with Canyon about 51 or 52 degrees.

The lows will range from 21 (See SNOW, Page 5)

announcement of the suspension of classes.

He said the administrative council upon the recommendation of the school's medical staff had decided to suspend classes until Jan. 6.

The president said the action was caused by the spread of influenza or something like it which was reaching epidemic proportions.

Classes at the university reported 20 per cent absences. Dr. Nester said the flu was "very widespread" on the campus.

"We've never had anything to compare," he said.

The doctor said those who were sick, were not critically ill, but were running high fevers.

Dr. Cornette said the doctors "felt it best to get the students away from the campus and campus congestion and away from each other."

Dr. Nester said he felt the classes should be suspended because of the "magnitude of the flu and the fact that it was so easy to be exposed."

Mrs. Louise Mitchell, nurse at the health center, said 212 students reported to the center

Monday for medical care.

She said of those students, "I wouldn't have the faintest idea how many were real flu cases."

She said most of the cases seemed to involve respiratory troubles.

Mrs. Mitchell said average daily cases treated at the center before the epidemic was

Assembly Will Replace Party

A Christmas assembly will take the place of the usual all-school Christmas party this year at Canyon Junior High School.

The program Friday will include a concert by the two junior high bands and six choirs, the conclusion of the student council food drive for the Salvation Army and dress-up day.

Dan Trew, principal, said it was impossible to give a party for 700 students. "We had an age variance of 7th to 9th grade students and their interests are completely different," he said.

Prairie Extras Extra Holidays

The student newspaper at West Texas State University, The Prairie, published its first extra edition in history Monday afternoon to report the announcement that classes would be suspended four days early due to a flu epidemic.

The newspapers hit the campus by 7:30 p.m. Monday, just four hours following the suspension announcement by Dr. James P. Cornette, university president.

Distribution of The Prairies was the culmination of a process accomplished in about three hours which normally take about seven to complete, according to Carroll Wilson, editor.

"We really had to scramble to get it out in time to be of any benefit for the students," Wilson said.

Monday night's press run was only about 3,000 copies, about half the usual number.

"We decided to run only 3,000," Wilson said, "because we thought many students had probably already left for home."

Wilson said the extra project was a study in speed and the effects of competition.

"I first heard the announcement that classes wouldn't be (See PRAIRIE, Page 5)

Hints Referendum If Terms Not Met

A petition was being circulated this week by several Canyon businessmen calling on Canyon City Commissioners to repeal a recent resolution involving the installation of medians on U. S. 87 within the Canyon city limits.

The petition also stated that if the resolution is not repealed, the signees call upon the commission to submit the median plan to popular vote in the next city election, or hold a special election for the purpose.

Ray Campbell, one of the circulators of the petition, said a

Hearing Results Awaited

Results of a hearing in Washington, D.C., on proposed regulations which would provide public hearings on the redesignation of U.S. 87 between Amarillo and Lubbock as an interstate highway had not been released Wednesday, according to Chili Smith, district supervisor for the Texas Highway Department.

Smith said the hearing, which began Monday, might take several days to complete.

The hearing was also to view a proposal whereby any property owner in disagreement with proceedings at the public hearings could file protest with the Department of Transportation and receive final decision from Washington.

The possibility of hearings became a topic of discussion last week after it was announced by Alan S. Boyd, secretary of Transportation, that U.S. 87 had been redesignated an interstate highway.

The possibility of by-passing Canyon with a highway also seemed much more likely with the redesignation.

The Texas Highway Department submitted a plan to the Department of Transportation which included a by-pass road around Canyon to the east.

goal has been set to obtain 600 signers. He declined to give a reason for the goal.

Campbell said 25 persons are circulating petitions in town. "I don't know how many have signed it up to now," he declared. "I won't check on it until Saturday."

Campbell said the petition will not be presented to the city commission at its regular meeting tonight. "We won't have it ready by then," he explained.

The Commission adopted a resolution Dec. 5 which authorized the installation of medians along U. S. 87, as well as the initiation of left turn lanes on intersecting streets with signal devices.

The plan was presented by the Lubbock city traffic engineer following a study of traffic on the highway.

The petition reads: "Whereas, the undersigned, feel the decision to place concrete medians along U.S. Highway 87, and on certain streets of the City of Canyon, Texas, that cross said U. S. Highway 87, will create traffic hazards and cause hardships by elimination or loss of parking, loading and unloading zones, and the rights of people to shop and trade. It will also be detrimental by having fast traffic

Jarnagins To Eulless

Clark Jarnagin has been named executive director of the American Association of Sheriff's Poses and Riding Clubs and will move this month to the main offices at Eulless, Texas, near Fort Worth and Dallas.

Jarnagin has been active in the Randall County Sheriff's Posse since its early organization in 1960 and has held a majority of offices in the local club including one term as president.

He has served as District II president for two years and has been on the executive committee of the national association prior to being elected vice president of the association. He also served the national organization as executive vice president and was last year president of the American Association.

The Jarnagin's daughter, Jan, will continue her studies at West Texas State University and son, Bill, is presently a senior at Baylor University. They also have two married daughters, Mrs. Mainess Gibson in Houston and Mrs. Ronnie Harris in Germany.

FROM THE CANYON RIM

Basically humor has to be at the expense of someone.

A lot of it is directed toward stereotypes such as Negroes, hillbillies, Italians, Irish and Germans.

The Negroes, offended by what they term a stereotype depicting them, have literally pushed the Amos 'N Andy show off the air.

I am sorry to see it go. I derived a great deal of pleasure from the naive Andy and the chicanery of the Kingfish. The simple goodness of Amos was heart warming.

Portent of this demise of a great radio and television show should be clear to all. If all the ethnic and social groups in the country resent being the subject of comedy and are successful in having all shows which refer to them in this light removed, then there may be very little humor left in this land of ours.

The Lucy show couldn't exist again because it poked gentle fun at Ricky's Cuban accent, Danny Thomas would be barred because he jokes about his Jewish ancestry.

Scratch Red Skelton because he plays a hilarious role on his show as Clem Kadiddlehopper, a hillbilly. Mountain people could very well become offended.

Jack Benny and his loveable Rochester couldn't get on television under some of present ground rules because Rochester depicts the stereotype of the Negro valet. He was often funnier than Benny himself.

Censor Hogan's Heroes, fun-filled Saturday night show about a group of allied prisoners in a German prisoner of war camp. Hogan's Heroes makes fun of the Germans, a formidable ethnic group.

Don't forget the Irish. How many belly laughs has America gotten out of Irish jokes? And there have been times and places in the United States in which the Irish were almost as severely discriminated against as the Negro.

The Mothers-in-Law show might have to leave the air because it could be termed offensive to Italians.

Put Jose Jimenez on the soup line because he portrays a Latin-American stereotype.

Also, shame on the folks who make L & M cigarettes for daring to put a commercial on TV about a Latin-American general who tells his wife he will "feenish hees revolution as soon as he feenish hees L & M." If this is not an implication that all Latin-Americans are slovenly procrastinators then I don't know my king size cigarettes.

I think I have made the point that the whole thing is sublimely ridiculous.

If we must hide the Confederate flag, junk our history, our humor and half our art and theater and on top of that all take speech therapy so as not to talk with accents displeasing to some ethnic group, then I say that the ethnic group so thin skinned is acting like children, not mature people.

The United Nations has called on Great Britain to get off Gibraltar.

Laymen may not realize how important Gibraltar really is. During World War II, allied convoys headed for the Middle East would dash for the Straits of Gibraltar which guards the mouth of the Mediterranean.

I was in one of those convoys and I know how safe I felt one morning after several days at sea when I looked up and saw the benevolent protection of the Rock.

If Gibraltar ever slips from friendly hands, we can say goodbye to the Mediterranean and possibly the entire Middle East.

I think that it is something more than a coincidence that the UN is stepping up its pressure for British withdrawal from Gibraltar just as the Soviet Union is moving into the Med in force and trouble is brewing in the Middle East.

The day of decision is about to dawn. We cannot put it off much longer.

I think our next big decision (after Vietnam) must come in

the Middle East. We are going to have to decide whether we will stay with Israel to the hilt or straddle the fence and thereby gain the enmity of both the Jews and the Arabs.

If we let ourselves be pushed out of Vietnam, we can expect to see both India and eventually Australia go the way of Tibet. The Aussies realize this and that is the reason they have more troops in Vietnam in comparison to their population that the US has.

In the natural course of events, we could expect to lose Japan, Formosa and possibly the Philippines to the bamboo curtain.

With the Far East, the Middle East and the Mediterranean gone it doesn't take a person versed in military strategy to know that we would have to abandon Europe. It would be untenable. We just couldn't defend it by conventional means.

If we allow ourselves to be pushed back bit by bit we may someday face the alternatives of ourselves unleashing nuclear war or retreating to the Western Hemisphere to try to build a Fortress Americana.

In the meantime, we had better hope that the new President will stand firm in Vietnam and that the British will hang onto Gibraltar.

Livestock Show Dates Announced

January 10-11 have been set as the dates for the 22nd annual Randall County Junior Livestock Show to be held in Canyon.

The show and sale will be conducted at the Junior Livestock Building, First Avenue and Seventh Street. Sponsoring will be the Randall County Junior Livestock Association which is directed by Joe Turpin, president; Walter Cranmer, vice president; Meade Michael, secretary-treasurer; Forrest Gruner, general superintendent, and C. V. Conatser, executive committeeman.

All youths of Randall County, boy or girls, may show if working under the supervision of the county agent, John Brazzil, or a vocational agriculture teacher of the schools.

Classes of livestock eligible to show this year will be dairy heifers, beef heifers, horses, barrows, wether lambs and steers.

A new class added for this year's show will be breeding gilts.

About 200 animals are expected to be shown this year.

Party For Children

About 48 children of migrant workers from Hereford were entertained Friday with a Christmas party sponsored by Alpha Tau Omega and Chi Omega, social fraternity and sorority at West Texas State University.

Chamber Names Four Directors

Four new directors for the Canyon Chamber of Commerce were elected in balloting last week for three-year terms of office beginning January 1, 1969.

Elected to the directorships were Dr. Willis Harrison, Ralph Mardis, Jim Christopher and Gerald Warwick.

The board of directors will elect officers for 1969 at a regular scheduled meeting Monday.

Retiring COC directors are Dr. Burwell Southern, Charles Allen, Charles Brasher and Gene McGlasson.

The party was held in the Student Union ballroom and the children and some of their teachers came over by school bus. Santa Claus made an appearance and distributed toys to the children. Cookies and punch were served and the children played games.

"The children were all excited and were sad when they had to leave," Pat Monroe, a senior from Amarillo, said.

Even some of the students cried when the children had to leave, she said.

"The children really enjoyed and appreciated it," Pat said.

About 45 Chi Omega and 45 ATOs attended the party which is held annually.

The groups allot funds in their budget each year for the party and divide the expenses, Pat said.

Letters To The Editor

Dear Troy:

Indeed I want your paper again. I'm delighted with it, and the new addition: "Our World."

Please compliment the young woman for me & next time I'm in Canyon I want to meet her. She thinks like I do.

In Haste
Sincerely
Alma Thomas

To the people of Canyon:

I feel like we can't move our home away from Canyon without taking the opportunity to thank the people of Canyon for the beloved years we've spent here. I have lived here all of my life (21 years), and Mother and Daddy will have lived here 22 years in January.

I suppose our family may be a little bit on the sentimental side, but it surely is going to be hard to leave behind this beautiful little town and the wonderful, generous, and warm people in it.

Of course we are all extremely excited about Daddy's new job and the new future it offers, and are anxiously awaiting the days ahead of us.

Thank you again for all of the happy memories and even though Kay, Bill, and Jill aren't here right now, they join me in this letter along with Mother and Daddy.

Canyon, we'll never forget you!!

Our World

BY ANN BROWN

It seems to be an unalterable law of nature that whatever one generation does, the next generation wants to surpass. A group of average high-school students was asked for an explanation of the predilection for drugs shown by an alarming number of young people.

"Our parents have their cocktails; why shouldn't we have our pot," was the consensus of the group.

Such reasoning may not seem logical to adults, but that is immaterial; it is logical to the youngsters.

It has always been evident that parents who willingly shift the responsibility for the feeding, clothing, housing, and educating of their children to others—whether it be the government, church, relatives,

neighbors, or the other parent—assume no responsibility for their off spring's moral or spiritual welfare either. But it is growing increasingly apparent that parents may meticulously provide the material necessities for their children, while completely ignoring their moral and spiritual needs.

There is only one way to properly rear children: by setting a good example for them to follow.

The mother who screams at her children, and beats them to release her own pent-up emotions, will find it most difficult to teach them anything constructive.

How can children feel anything but contempt for the moralizings of a father who keeps a mistress stashed away in the back alley of his life? (And his children are always the first to know.)

Naturally, young people resent adults demanding a high standard of conduct for them, while their elders wallow in the mire.

Why wouldn't children feel resentful when they come home from school with upset stomachs because they have been forced to maintain rigid silence during their lunch hour by teachers who converse as they

please? Any one knows good conversation stimulates digestion—for little people as well as big people.

When students are forced to walk silently and quietly down the hall by teachers whose loud talk and boisterous laughter disrupts classes, rebellion is understandable.

When rude, sarcastic teachers demand perfect courtesy from students there are always a few young radicals who will retaliate by vandalizing the school building, or the offending teacher's property.

When night patrolmen approach law-abiding young people in the manner usually reserved for known criminals, it engenders very little respect for the police department.

The various advertising campaigns to combat smoking, drinking, and drug addiction, and to promote school and church attendance are all commendable; but they are not likely to be very effective with young people.

If parents want children to abstain from harmful, habit-forming practices, parents should abstain.

Parents who expect their children to attend church should be faithful in church attendance themselves—and exemplify consistent Christian conduct at home. If they want to impress upon their children the sanctity of marriage, they should keep their own home together—peaceably.

Preachers are not the only people who need to practice what they preach.

Lon Conner, 14, starts down the court, guarded by back-pedaling Preston Nance, 11. Conner was high scorer in the Eagle-Clovis, N. M., game Monday night, with 22 points. The Eagles won 81-69.

Eagles Snap Clovis Cat's Streak

The Canyon Eagles refused to relent to pressure Monday night and stormed the undefeatable Clovis, N. M., Cats 81 to 69 before a hometown crowd.

The Cats took possession of the ball after the first jump, but were never able to play the quick-paced ball control which Canyon has developed since the beginning of the season.

Canyon, who is short on height, made up for it again with unequalled speed and accuracy on the court.

Clovis was perturbed by the consistent Canyon control and was hurt by 25 fouls during the game.

Clovis' giant Lewis Thomas and their short but spunky Preston Nance posed the only major

threats to Eagle dominance.

Coached by B. B. Kendrick, Canyon jumped to an early game lead, despite a constant Clovis full court press and the first quarter ended with the Eagles in front by their narrowest margin, 22-14.

Jackie Thrasher, 5' 11", Canyon senior, had a good night as he consistently hit the long ones. He was top scorer in the initial quarter with 10 points.

During the second quarter, the Cats regained some of their lost poise and scored 20 points to Canyon's 19. But, it wasn't enough to make up the deficit and the half ended with Canyon leading 41 to 34.

Top Canyon shooter in the first half was Thrasher with 12 points.

With the opening of the second half, Canyon took the ball and allowed Clovis only 2 points in the first two minutes of play.

The Eagles lengthened their lead by the minute and Clovis fell behind in the third quarter by 64 to 52.

but he got his share of the rebounds.

Top scorer for Canyon was Conner with 22, followed by Thrasher with 19, Nance with 16, Butler with 14 and Chris Gerald with 9.

Top Clovis scorer was Russell Bailey with 21, followed by Thomas with 19, Nance with 11, Ted Hare with 12, and Leonard Butler with 6.

Canyon hit 15 of 25 free throws for 60 per cent while Clovis hit 7 of 14 for only 50 per cent.

Clovis made 31 field goals to Canyon's 33.

The Eagles played Slaton at Slaton Tuesday night and will play in the Borger Tournament Dec. 26-28.

The Canyon junior varsity lost 61-59 to Clovis Monday night. High scorer for Canyon was Keith Keeling with 22 points. High scorer for Clovis was Ronnie Williams with 18.

The junior varsity will play Dalhart in the CHS gym tonight.

Sophomores Trim Slaton

Canyon's sophomore basketball team defeated a Slaton team 53-34 Tuesday night at Slaton.

Richardson was high point for Canyon with 15 points to his credit. Cawthon scored 8 points and Pennington 7.

The Canyon team led 19-8 at the end of the first quarter and had a 30-17 lead at half time. The gap had widened 47-25 by the end of the third period.

The Canyon team sank 13 of 20 free throws for 67 per cent.

Troop 197 Has Meeting

Boy Scout Troop 197 held a regular meeting Monday night with the program by Cliff Prichard being a review of qualifications for tenderfoot, second class and first class badges.

Members present were Roy Luna, Lyle Denny, Ross and Paul Griffin, Cliff and Stan Prichard and a guest, Bobby Edwards.

Eagle Girls Defeated By Quitaque

Canyon High School girl Eagles lost a close one to Quitaque Tuesday night in the Quitaque gym 52-50.

The Eagles lost by the same margin they beat Quitaque earlier in the season. Playing on their home court, the Eagles earlier defeated Quitaque 63-61 in a game that went into overtime.

In the Tuesday night contest the Eagles tied Quitaque in the first quarter 14-14 but trailed four points, 30-26 at half time.

The Eagles narrowed the margin 37-35 in the third period and then tied their hosts 15-15 in the final quarter to wind up with a two-point deficit.

Pam Richardson led the Eagles in scoring with 20 points while Jan Sternberg got 16. Susan Swartzell scored 10 points and Judy Davis 4.

Sherry Stark of Quitaque was high point for the ball game with 22 points.

The Eagles drew 22 fouls while the Quitaque girls were fined only 14 times and this was more than the margin of victory. Quitaque hit 18 out of 32 free throws for 56 percent while Canyon hit 14 out of 20 for 70 percent.

Pam Richardson led her team at the free throw line with 8 out of 11 for 73 percent. Cheryl Davis got 10 rebounds to lead the guards in that department and Susan Swartzell led the forwards with five rebounds.

Canyon girls play Dalhart A and B games this afternoon and tonight. The B game begins at 5 o'clock to be followed by the varsity game.

The junior varsity team will play the Dalhart varsity in the nightcap.

Eagles Defeat Slaton 81 To 69

Canyon's Eagles took an early lead and then sailed to a victory 81-69 over Slaton at Slaton Tuesday night.

It was the second win in as many nights and by the same

margin for Coach B. B. Kendrick's Eagle team. They downed Clovis 81-69 Monday night here in Canyon.

Jackie Thrasher paced his teammates with a blazing performance in the first period. He scored 15 points in that stanza—all but 10 of those accounted for by his team.

But it was Lon Conner who emerged from the contest with high point honors as Thrasher managed only five points in the last half of play.

Conner hit 13 field goals and a free throw for 26 points and scoring honors.

Thrasher scored 24 and Chris Gerald 13. Steve Butler hit for 12. Lynn Salmon scored four and Ronnie Hager accounted for a free throw.

The Eagles hit 13 free throws for 20 trips to the line and a percentage of 65.

Richard Washington scored 25 points to lead the host team in that department while Moore managed 19. The Slaton team was good at the free throw line hitting 17 charity baskets in 22 trips for an impressive 77 percent.

This winds up varsity play until after the holidays.

Buffs Gain National Standing In Football

West Texas State University's football squad, spearheaded by All-American half-back Eugene "Mercury" Morris, gained national standing in 10 individual and team areas this season according to final statistics released by the NCAA.

Morris, the all-time career rushing champion nationally, finished second to Heisman Award winner O. J. Simpson of

Southern California in the individual rushing derby for the second year, gaining 1,571 yards on 262 carries. Simpson, who carried 355 times, gained 1,709.

Morris tied for fifth in individual scoring with 19 touchdowns and 114 points. Cincinnati's Jim O'Brien, who had 12 touchdowns, 31 extra points and 13 field goals, won the title with

142 points.

Clarence Redic, Buffalo placement specialist, wound up fourth among the nation's kick scoring leaders with 67 points on 11 field goals and 34 extra points.

Redic's 52-yarder against New Mexico State ranked as the fourth longest in the nation this season.

Curley Watters ranked sixth in punt returns as he gained 368 yards on 21 tries and accounted for two touchdowns.

Watters' 17.5 yards-per-return was the nation's best.

In team standings, West Texas owned the eighth best rushing offense in the country with 287.8 yards per contest.

The Buffaloes ranked 18th in total offense with 403 yards per game.

It was the third ranked punt returning team in the nation with a 15.7 average on 29 returns.

The Buffs also ranked only behind Wyoming and Cincinnati in field goal success, making 13 of 31.

West Texas finished the season with an 8-2 record and was extended an invitation to participate in the Pasadena Bowl but chose to turn down the bid.

Buffs Meet Oklahoma Friday Night

The West Texas State University basketball Buffaloes will meet East Central Oklahoma at 8 p.m. Friday in the new Amarillo coliseum.

The ECO Tigers tied for sixth last year in the Oklahoma Collegiate Conference with a 6-10 record.

The Oklahoma team boasts seven returning lettermen, most of whom are sophomores.

Expected to lead the Tigers are Bob Pearson, 6'7" transfer from Oklahoma State, and returners John Rushing, 6'4", and Johnny Williams, 6'3".

Most junior high schools don't have parties, he said. "We have just outgrown parties."

About 30 group pictures will also be taken Friday to eliminate the students being called out of class during the year, Trew said.

Canyon High School will also have an assembly program Friday from 1:30 to 2:30 p.m. The music department will be in charge of the program.

John Sommer, principal, said that the high school did not have all-school parties. "Most of the organizations have parties so we reach most of the students that way," he said.

Rex Reeves Elementary School will have parties in each room Friday. A special film "Rusty and the Falcon" produced by Walt Disney, will also be shown to all the students Friday.

The 6th grade choir will present a Christmas program at 2 p.m. today. The 5th grade students and all parents are invited to attend.

The students attended the Children's Theatre production "Pinocchio" at the Branding Iron Theatre Tuesday and Wednesday.

between 25 and 35.

"For almost a week it was above average," she said.

Mrs. Mitchell was sick with the flu Friday.

Dr. Edwin Low, another university physician, told The Canyon News last week that WTSU was experiencing a mild epidemic.

At that time, 30 to 50 students per day were seeking medical attention at the center.

A spokesman at Jarrett Hall on the WTSU campus said about 150 cases of flu had been reported in that residence Hall. Other dorms also reported a rash of cases. Two women students in Hudspeth Hall were hospitalized with the malady.

Dr. Cornette said the administrative offices will remain open this week from 8 a.m. to 5 p.m.

Dec. 20 to Jan. 6 was regularly scheduled Christmas Holidays for the university.

Jerry Jacobs, superintendent of Canyon Public School, said Tuesday absence rate in the local schools was about 8 per cent.

He said schools will probably not be dismissed in Canyon.

Pledges Initiated

"Whereas, the undersigned, are not against additional signal lights, along said highway:

"Now, therefore, the undersigned, being voters who voted in the last municipal election for the City of Canyon, Texas, do hereby protest against the enactment or enforcement of an order passed at a City Commission meeting of December 5, 1968, pertaining to medians and traffic lights, and do hereby request the City Commissioners of the City of Canyon, Texas, to immediately reconsider such order and to repeal same and if such is not repealed, then that it be submitted to popular vote at the next municipal election, or if the City Commissioners deem it necessary, then to call a special election for that purpose."

The traffic plan, approved at the Dec. 5 meeting, also calls for elimination of parking for 300 feet on both sides of any street which runs east and west and intersects with a controlled intersection of U. S. 87.

In commenting on the petition, Commissioner Kenneth Olsen said: "When I was appointed to the commission, I swore to do what I felt was best for everybody. I think this is one of the things that has to be done."

Olsen said he feels responsible for the safety of Canyon residents.

Commissioner Jim Christopher made a similar statement.

"I took an oath to represent all the people of Canyon and it is my feeling that we're trying to do the right thing," he said. "We have a traffic problem and we need a solution."

Mayor Paul Lindsey said he would support the petitioner's right to petition and to call for a referendum election, but he said he feels the city needs control devices on the highway.

"It is their prerogative," he said, "and I'm certainly in accord with that right."

He said if the public might vote to rescind the resolution, "I would feel even better because it would take the responsibility off my shoulders."

He said he is "convinced that we do need controls whereby the general public can be better protected."

Felix Pierce, commissioner, voted against the Dec. 5 proposal.

held for the rest of the week from Dr. T. Paige Carruth, the dean of student life, while I was in the SUB," Wilson said. "I had heard rumors all day that classes were going to be let out."

When he heard the announcement, Wilson said he found associate editor Denny Mabrice,

also in the SUB, and rushed to The Canyon News, where paste-ups and type-setting for The Prairie is done.

"Our first goal was to get approval to run an extra," Wilson said. "We talked to Troy Martin, editor of the Canyon paper, and his brother, Jim, who is advertising manager for the News."

Wilson said The Canyon News also handles advertising sales for The Prairie.

"We decided to go ahead and print a four-page extra, using just the ads we had on hand," Wilson said. "With that go-ahead, it was just a matter of moving fast."

Wilson said speed in the production was very important because television and radio stations in the area had already made announcements of the class suspension.

"We wanted to beat 'em in print," Wilson said. "This was the biggest news story on campus this semester, and we hate to get scooped."

Type-setters Mary Stewart and Lola Thomason had already set some of the copy from Monday's file, since Monday is normally copy deadline day for The Prairie, anyway.

"But, we were fortunate, too, that we had some stories which were good anytime and which we had saved for just such an

occasion," Wilson said. "We all had to hurry and paste-up supervisor Betty Drake was laying down copy as fast we could get it to her."

Linda Kay Latimer was responsible for setting the headlines, a time-consuming job.

The decision to print the extra was made at 4 p.m. and by 5 p.m., the four-page extra Prairie was on its way to Southwest Offset in Amarillo, which had been previously notified of the extra edition.

But, the project was not without troubles.

When Mabrice arrived at the Amarillo printing plant, he found that a front-page picture had been forgotten.

Wilson met Mabrice between Amarillo and Canyon with the picture and The Prairie was delivered to campus dormitories, the library and the student union building by 7:30 p.m.

News Brief

About 250 water color paintings, representing the works of about 35 Art 431 students at West Texas State University will be on display through Friday in the student union building lounge.

Many of the paintings are on sale, according to Dr. Emilio Caballero, art department head. About 15 paintings have already been sold.

Double Wedding Vows Performed For Couples

Southlawn Church of Christ in Amarillo was the wedding site for a double marriage Friday evening, December 13, which united in marriage Miss Rebecca Jane Carroll and Steven Larry Bland and Miss Leta Blasingame and Cornel Austin Carroll.

Parents of the brother-sister are Mr. and Mrs. Brooks Carroll of Rt. 1, Canyon. Miss Carroll was wed to the son of Mr. and Mrs. Fred Bland of Amarillo. Her brother married the daughter of Mr. and Mrs. O. W. Blasingame of Amarillo.

Officiating at the exchange of vows was Roy Hannah, minister of the Southlawn Church of Christ. The pulpit was decorated with a centerpiece of white gladioli flanked on each side by candelabrum and greenery with candles trimmed with white satin bows marking the aisle.

Music for the ceremonies included "Because", "I Love You Truly", "Twelfth of Never" with Miss Lynn Clevenger as soloist and a reading "How Do I Love Thee" by Elizabeth Browning.

Candlelighters were Nancy Jo Duncan and Priscilla Carroll. They wore pink satin brocade street-length A-line sheath dresses with pink satin bows in their hair.

Ringbearer was Ralph Carroll and the flower girl was Mary Carroll. She wore a pink satin A-line streetlength dress with pink satin bow and white gloves and carried a white basket filled with pink roses.

Bridal attendant for the Carroll-Bland ceremony was the bridegroom's sister, Paula Bland, who wore an empire formal length dress of burgandy brocade satin with pink shoes and carried a colonial bouquet of pink carnations.

Attendants for the Blasingame-Carroll ceremony were Mrs. Kim Woods of Dallas as matron of honor and Mrs. Galen Engerbrecht as bridesmatron.

The two bridegrooms, Steven Larry Bland and Cornel Austin Carroll, alternated as best man for the respective ceremonies.

Serving as groomsmen and ushers were Mike Bland of Amarillo, Clifford Carroll of Amarillo, Mike Blanton of Canyon and Maurice Ray, Jr. of Amarillo.

Escorted by her father, Miss Blasingame wore a formal wedding gown of white brocade designed with an empire waistline, long sleeves, and wattertrain. Her veil of illusion was secured by a white floral coil and she carried a cascade bouquet of white carnations.

Miss Carroll, given in marriage by her father, wore a formal wedding gown of ivory satin designed with a fitted bodice, sweetheart neckline and cathedral train. Her fingertip veil of illusion was held to a floral coil of organza and she carried a cascade bouquet of white carnations. The wedding gown was formerly worn by her mother.

A reception honoring the two couples was held in Fellowship Hall of the church after the ceremonies were concluded. The bride's table featured white miniature mums and a tiered wedding cake with white and pink roses.

Serving at the table were Miss Ann Glosson of Amarillo, Nancy Neidhart of Amarillo, Jan Burrell of Canyon, Kay Needhart of Amarillo and Sharon Bailey of Amarillo. Guests were registered by Miss Nolo Jones of Amarillo.

Mrs. Bland is a senior student at Canyon High School. Her husband graduated from Tascosa High School and is presently with the United States Navy at Jacksonville, Florida. She will complete her education at CHS before joining her husband.

The Carrolls will establish their home at 4519 Bonham in Amarillo. He is a commuting student at West Texas State University in Canyon.

Make It Fun
For children, much of the fun of any holiday is the anticipation. Let the children help decorate the home, trim the tree, and putter in the kitchen. A real fun project is a decoration that is good to eat. And, who cares if in stringing the popcorn or making popcorn balls, more popcorn is eaten than not? It's fun for all.

Vacation Good Christmas Gift

Some women want minks... others want new kitchen sinks... but there's one gift all the gals appreciate because they all need it — a rest, a change of pace, a holiday!

Ever try to figure out how many miles the little woman walks while walloping rugs, quieting wailing kids and getting the meals and marketing done? About 1,825 miles a year! The daily grind deserves a reward — and what's better than letting others do the cooking for the little woman?

HOLIDAY TREAT
Keep a supply of eggnog in your refrigerator all through the holiday season, ready for instant entertaining. The family will enjoy it as a snacktime beverage, too, and in desserts like Eggnog Chiffon Pie. The pie's delicate eggnog flavor is enhanced by mounds of whipped cream and a sprinkling of shaved chocolate. It's light and luscious, the perfect topper for holiday meals.

Wildlife Count Rises

Wildlife count at Buffalo Lake National Wildlife Refuge, south of UMBARGER, shows 18,400 Canada geese and 29,000 ducks this week.

Refuge officials said that the geese count for the same week last year was 8,000. The rise this year is about one week early in comparison.

The duck count of 29,000 is with a majority of mallards, pintails, widgeons and green wing teal. Last year at this time 400,000 ducks were on the lake due to colder weather.

Ducks are in the Panhandle on the plays lakes and are expected to move into the refuge area due to hunting pressure and colder weather.

When Christmas Groups Gather, It's Game Time

Everyone's a child at Christmas time, and that's why there's nothing as much fun when family and friends gather as game-playing. Since Christmas groups usually include both children and adults, games that both can enjoy are best.

The following games can be played with no special equipment, other than that on hand.

Charades . . .

Christmas charades is a lively game that the whole family will enjoy.

Divide the group into two teams. Individual members of teams are then called upon to act out a word, character, phrase, scene or situation — and since it's Christmas, all the charades should have Christmas overtones.

Subjects are supplied on a slip of paper by the opposing team and then passed on to the "actor." From here on, it's his job to see how quickly he can get his teammates to guess what he is acting out.

"The Night Before Christmas," "Jingle Bells," "A Partridge in a Pear Tree," and "Filling the Christmas Stocking" are just some of the many, many subjects that can be used.

Word Play . . .

A popular pencil-and-paper game is called "word play." The object of the game is to see how many words can be made from a phrase such as "Merry Christmas to All." A time limit is set, and the rule is that no letter can be used in any word more often than it appears in the phrase.

In other words, words made from "Merry Christmas to All" can include no more than one "e," "i" or "o," while they could contain as many as two "m"s or three "r"s.

Since word play involves competition among its players, it's advisable to allow the children to compete against one another, while the adults battle it out among themselves.

Santa's Sleigh . . .

"Santa's Packing His Sleigh" is a quiet Christmas game that provides fun and hearty laughter. It starts simply enough with one member of

the group saying, "Santa's packing his sleigh, and he's bringing a toy dog."

Then each person repeats the sentence, adding another gift to Santa's sleigh. The object of the game is to repeat correctly, in order, the complete list of gifts in Santa's sleigh — and it's harder than it sounds.

As the list gets longer and longer, more and more players just can't seem to remember the whole list and its order, so consequently they drop out, until only one is left.

Band-Choir Performs

Sixth grade band and choir students of Gene Howe Elementary School presented an annual Christmas program Monday evening at a meeting of the Gene Howe Parent-Teacher Association.

The band, directed by Terry Milligan, played "My Wild Irish Rose," "Up On The Housetop," "Jolly Old St. Nicholas" and "Casson Song".

The choir, directed by Mrs. Jan Word and Mrs. Jame Rivers, was accompanied by Mrs. Barbara Kirk, student teacher, as they sang "Do You Hear What I Hear," "The Little Drummer Boy," "What Child Is This",

"The Christmas Song", "Winter Wonderland" and concluded with a medley of Christmas carols including "We Wish You A Merry Christmas".

Candlelight Services Set

A candlelight carol service will be held Sunday evening at 7 o'clock at the First United Methodist Church with a special message "The Bethlehem Star" to be given by Rev. J. Frank Peery.

Subject for the morning worship hour will be "Straight To Bethlehem" from Luke 2:8-16.

GENE HOWE BAND-CHOIR students performed at Monday night's meeting of the Gene Howe Elementary School Parent-Teacher Association.
